

Pattern for Hexa-hexaflexagon

<http://www.auntannie.com/Geometric/HexaHexaFlexagon>

1. Cut around each pattern (white triangles are included).
2. Fold each pattern lengthwise and glue.
3. Score and fold on all lines.
4. Glue backs of single triangles to form a long strip.
5. Fold up strip so that only matching animals are back to back.
6. Glue white triangles.
